These fees are inclusive of all groups, including supervision. They usually include costs for summer and winter residential costs. These costs are usually based on a weekend residential in January and 4 nights in July. **However, there will be no actual residential event in January 2021 due to the C-19 pandemic so for this year only the costs represent only the summer residential.** Re-Vision strives to keep the costs within these limits, but if it proves impossible, it may be necessary to raise this element. The fees do not include the cost of your individual psychotherapy.

A discount of 2.5% can be made on the basic training fees for **payment in full by the date your deposit would be due.**

Payments by instalment can be arranged.

A limited number of bursaries are available to candidates who fulfill the criteria. Please ask for details. Bursaries are awarded for training fees only and not for the residential costs.

Please note, that there will be a slight increase in fees on an annual basis.
